

## Crossing unit for rail 72x25mm

**6047011**

GTIN: 4007126014375

On ascents of 10m or more the climbing route must have two flights. The grating is fixed on supports which must in turn be fitted to the rails of the ladder. The safety cage on the ladder ensures a secure crossover to the next ladder section.

### Material

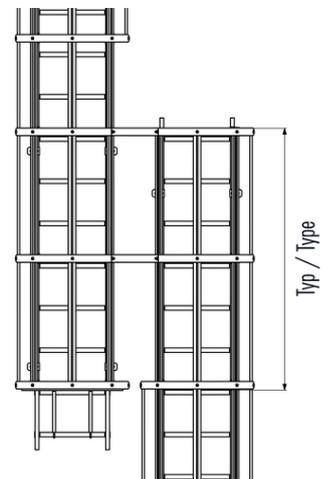

hot galvanised steel 1.0037 / ASTM A36

### Height in mm

1680

- System components for the highest safety requirements
- In aluminum, stainless steel and galvanized steel
- High quality
- Tested according to the most stringent standards and safety regulations

- Material: galvanized steel
- Complete set with a height of 1680mm

## Specifications

Ladder rail 72x25mm	✓
