

## Final podium

**6039901**

GTIN: 4007126014412

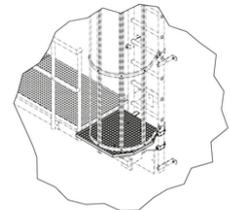

If a climbing route is laterally mounted, the end platform will ensure safe entry into the ladder section. This is protected by a safety cage as far as the bottom edge of the entry. The grating is fixed on supports which must in turn be fitted to the rails of the ladder.

### Material

Aluminium AlMgSi 0,3

- System components for the highest safety requirements
- In aluminum, stainless steel and galvanized steel
- High quality
- Tested according to the most stringent standards and safety regulations

- Material: Aluminium
- for rail 72x25mm
