

Final podium

6039881

GTIN: 4007126014436

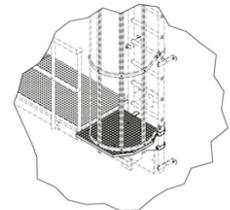

If a climbing route is laterally mounted, the end platform will ensure safe entry into the ladder section. This is protected by a safety cage as far as the bottom edge of the entry. The grating is fixed on supports which must in turn be fitted to the rails of the ladder.

Material

hot galvanised steel 1.0037 / ASTM A36

- System components for the highest safety requirements
- In aluminum, stainless steel and galvanized steel
- High quality
- Tested according to the most stringent standards and safety regulations

- Material: galvanised steel
- for rail 40x20mm
