

## Final podium

**6039911**

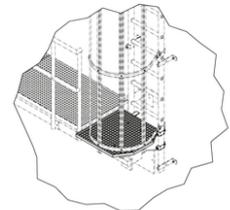

GTIN: 4007126014443

If a climbing route is laterally mounted, the end platform will ensure safe entry into the ladder section. This is protected by a safety cage as far as the bottom edge of the entry. The grating is fixed on supports which must in turn be fitted to the rails of the ladder.

### Material

Stainless steel 1.4301 / AISI 304

- System components for the highest safety requirements
- In aluminum, stainless steel and galvanized steel
- High quality
- Tested according to the most stringent standards and safety regulations
  
- Material: stainless steel
- for rail 40x20mm
